CHOOSE OUTSTANDING *Orthopaedic Care*

We're proud to be a centre of excellence in Orthopaedic care for dogs and cats. Cases typically referred to us include all forms of lameness, trauma fracture repair (mostly road traffic accidents) and the correction of limb deformities. We also perform TPLO and CUE surgery.

On-site access to conventional x-rays, ultrasound, MRI, electromyography, arthroscopy, as well as easy access to CT and bone scanning, ensure we provide a timely diagnosis for every patient. The Orthopaedic team work closely with the physiotherapists at our Therapy and Fitness Centre to maximise patient recovery.
